PROSPECTUS OF THE
Chicago Evening Journal
FOR 1884.

Daily, Tri-Weekly and Weekly

Since our last yearly announcement,
THE EVENING JOURNAL, in all its editions,
has largely increased its circulation and
undergone great improvement.

It has kept on, "in the even tenor of
its ways," supporting the cause of the
country and of the Government with all
the zeal and earnestness in its power.

Keeping in view the one great and all
important issue that is being contested
on the battle-field,

**The Preservation of the Re-
public.**

we have seen but one course to pursue in
emergency, namely: to give a cordial and
constant support to those who are at the
head of the Government and of the army
of the Union, representing our cause
laboring and fighting for its success.

This has been the course of The Jour-
nal since the commencement of the
War, and that it will continue to be
until the rebellion shall have been com-
pletely suppressed and the Union fully re-
stored. This is the course that patriotic
duty dictates, and which, we feel assured,
the loyal people approve.

The Journal is now

**Equal to the Best of the News-
papers, East or West,**

in the amount of news and other reading
matter it publishes, and aims to give the
very latest news.

By Telegraph or Otherwise,

in advance of all its Western contempor-
aries—an object it has succeeded in attain-
ing in almost every important occurrence
or event of the war thus far. To do this,
great expense has been incurred, and great
effort made, which have been more than
rewarded by a steady and large increase
of patrons.

To increase our facilities still farther,
we have ordered

**A New Steam Four-Cylinder
Hoe Power-Press**

of double the capacity of the one on which
the Journal is now printed. It is now
building in New York.

We have a large corps of editors and
reporters in the city, and able and reli-
able correspondents in every department
of the army and in every new centre.

**Our Daily and Weekly Market
Reports**

are gotten up with a view to accuracy and
reliability, and are sufficiently compre-
hensive to meet the wants of buyers and
sellers in all departments of trade.

In short, we are endeavoring, in every de-
partment of the Journal, to be directed to
the one great object of giving the West-
ern people

**A Sound, Comprehensive and
Reliable Newspaper.**

While gratefully acknowledging the
liberal evidences we have received during
the year now closing of the appreciation
of the Western reading public, we hazard
nothing in promising that our future ef-
forts will be even more worthy of their
support.

IN THE OLD CHURCH TOWER.

In the old church tower
Hangs the bell,
And above it on the same,
In the sunshine and the rain,
Cut in gold, Saint Peter stands,
With the keys in his two hands,
And all is well!

In the old church tower
Hangs the bell,
You can hear its great heart beat—
Ah! so loud, and wild, and sweet,
As the parson says a prayer
O'er his happy lovers there,
While all is well!

In the old church tower
Hangs the bell,
Deep and solemn. Hark! again!
Ah! what passion, and what pain!
With her hands upon her breast,
Some poor soul has gone to rest
Where all is well!

In the old church tower
Hangs the bell,
A quaint friend that seems to know
All our joys and all our woe;
It is glad when we are wed,
It is sad when we are dead,
And all is well!

Address Delivered by Rev. A. C.

Lermann at the Funeral of
Miss MARY ANNA BARKER,
August 19th, 1884.

"My thoughts are not your thoughts,
neither are our ways my ways, saith
the Lord; for as the heavens are higher than
the earth, so are my ways higher than
your ways, and my thoughts than your
thoughts." These words which the
Almighty himself spoke to his prophet
are, my friends, most applicable to the
occasion for which we are here to day
assembled. Few of us, and perhaps no-
body, would a week ago have thought
that we to day would be called together
to the funeral services of that young and
lovely being whose mortal remains are
here before us ready to be delivered
over to that earth from which they were
taken—ashes to ashes, dust to dust—
but whose immortal spirit has winged its
glorious flight to the blessed habitation
of a better world.

Such were our thoughts; but Gods
thoughts were higher. He the great
and all-wise Father in heaven spoke.
"Come to me again my child," and the
child obeyed and went home to her Pa-
thers house.

It was but yesterday when the even-
ing sun had set behind the western hills,
that the eyes of this beloved child were
closed for the last and quiet slumber in
the grave. Last night at seven o'clock
Miss ANNA BARKER fell asleep in Je-
sus after a short earthly life of but sev-
enteen years and three days. To our
natural human feelings it is a melancholy
sight to see a young life, at the very mo-
ment when expanding into full manhood
or womanhood, destroyed by the unrel-
enting hand of death; and this the more
so, if such a life seemed to be full of
promise to become more and more an
honour to the society in which it moved,
and full of incalculable value to those
most intimately connected with it.

There is I feel assured, not one in this
assembly who does not deeply sym-
pathize with the bereaved family, and par-
ticularly with the sorely afflicted parents.
We all feel how hard a task it is, even to
a christian mind, to humbly submit to the
inscrutable will of the Lord, and to give
back to him such a child when he de-
mands it from parental hands. It may
appear to the sinking faith almost too
severe a trial, if the most precious treas-
ure on earth, if the price, help and com-
fort of old age is unexpectedly taken
away, if the most cherished hopes are
blighted; and well might many such
parents with Jacob of old refuse to be
comforted, saying: "I will go down into
the grave unto my child mourning."

But, brethren, there is a question which

may perhaps arise in some of you and

this is; what right have you to hope

with such confidence that she has reach-

ed that blessed land where death un-

doubtedly will desire to meet again?

Is it perhaps because her earthly life,
although of course not sinless and spot-

less, was not tinged with the dark hues
of great guilt and severe errors? Is it

perhaps because she fulfilled her duties
toward her parents and family as well as

she could; or because she was adorned
with this or that virtue that made her

amiable and dear to those who knew her?

Is it, in short, because she was so good

that we entertain the hope of her hav-

ing gone to God? If there is any one
here present who for these reasons would

assign her a place in heaven, I can tell
him that this was not the foundation on

which she built the house of her hope.
No, God be praised, that was not the

foundation of her faith and of her hope;
Her hope, her trust was in Jesus and in

Jesus alone; and therefore, and for an-
other reason we believe—that she is now

with Jesus. I have had the privilege of
being with her during a large portion of

her last day on this earth. I have spoken
with her and prayed with her. And I

thank God that she felt not reconciled in
her mind when looking upon herself, but

that she felt reconciled when looking up-
on her crucified Savior; that she found

peace in Him and that she in His strength
became willing to leave this world and go

to her Jesus.

It is a blessed sight to see an old and

wearied pilgrim of this earth stretch forth
his trembling hand to welcome death, and

well may we say Amen when he exclaims,
"Lord now lettest thou thy servant de-
part in peace according to thy word."

But it is a more glorious triumph of Chris-
tianity if we hear a youthful being, in the
first bloom of life, that has not tasted the

bitter cup of later years, whose breast
is swelled with all the real and ideal hopes
of a long and happy life, say: "I am will-
ing to die, because I hope that Jesus will
take me to him." "O death where is thy
sting? O grave where is thy victory?"

Thanks be to God, which giveth us the
victory through our Lord Jesus Christ.

Brethren, what was her hope in death?

must be ours or we will die hopeless.

When the last hour comes we must see
Jesus and Jesus alone or else we cannot
be saved. I know there are such among

us here such as put their trust in Him
alone and they know that what I say is
truth. But I know on the other hand,
that there are such among us who have
not yet experienced and embraced Jesus

the crucified Savior as the only refuge
of their soul in life and in death. And
such may perhaps call me a fanatic or a
fool. Be it so. We say with St. Paul,
"we are fools for Christ's sake, but ye are
wise." Only be sure that you have the
true wisdom. Be sure that your wisdom

your philosophy, or your virtue is proof
against the terrors of death. In the hour
of death it will have to stand its final
test. But I pray you in the name of
Jesus Christ let it not come to that test.

I have stood at the death bed of such
last who did not look upon Jesus until the
last agony came, and I do not know
whether they found Him. Let every one
seek him in the time when he is sure
to find him; then he will have Him in
the hour of need. Blessed is he who
sees in his last moment nothing but Je-
sus alone, who has done away with all
his own goodness, all his virtues, and
trusts in nothing but the free grace of
the Redeemer. He will die in Him and
arise with Him to everlasting life. And
because we trust that this fair, though
now broken flower knew and found her
heavenly gardener, we believe, that in
the resurrection of the dead He will
clothe her with a higher and more per-
fect beauty, with the beauty of those
pure spirits who, cleansed by the blood
of the lamb surround his throne in ever-
lasting bliss and felicity. In such hope
we sow this seed of corruption. It will
put on incorruption. We commit this
mortal portion of her to its quiet resting
place. It will put on immortality.

May God fully open your eyes, my dear
friends, to see that glory which is in
store for your child, for yourselves and
for all if we make the Lord Jesus
Christ our only hope in life and death.
May he sustain you on this last painful
way to the grave of your daughter, and
strengthen you to say: "O Lord, thy
will be done." They that sow in tears
shall reap in joy. He that goeth forth
and weepeth bearing precious seed, shall
doubtless come again with rejoicing,
bringing his sheaves with him." Amen

LEGISLATIVE TICKET—SIXTH DISTRICT.
For the Senate—G. D. GEORGE.

For Representatives—F. A. RENZ,
HENRY HILL,
C. F. DAVIS.

FOR AUDITOR OF CARVER COUNTY.
GEORGE M. POWERS.

We place this week beside the Union Presidential and Congressional ticket, the legislative and county nominations, which, with the exception of candidates for county commissioners, complete the ticket for the November election.

The candidates and supporters of the Union ticket are committed to a vigorous prosecution of the war until the enemies of our country are vanquished and their armies scattered to the four winds of heaven. They are pledged neither to offer nor accept any terms of peace not based upon the unconditional surrender of the rebel hostilities and a return to their allegiance to the laws of the United States. They are in favor of punishing traitors by aiming a death blow at slavery which the rebels themselves claim to be the corner stone of their pretended Government, and their strength in this infamous rebellion. They are in favor of holding in lasting remembrance and tendering their highest thanks and deepest sympathies to the brave soldiers and sailors who have periled their lives in the sacred cause of "Our country and indivisible." They are in favor of employing the freed negroes to assist in fighting our battles, thus sparing our own blood in proportion to the enlistment of blacks. They are in favor of a "long pull, a strong pull and a pull altogether" to the end that next year may see the armies of the rebel rebels crushed and the strength and dignity of our Government triumphantly vindicated. They favor a speedy construction of a railroad to the Pacific, and of the many railroad enterprises of this State. And lastly they are in favor of pledging the national faith for the redemption of the public debt, recommending rigid economy and just taxation. And finally, peace, only however, upon terms of submission of the rebels to the rightful authorities of the Government. Fellow readers, are you willing to endorse these principles?—Does the salvation of our native or adopted country, lie uppermost in your budget of desires? If so, please to lay aside for this time the minor grievances either fancied or real, look beyond the men and measures which may have given offense, to the principles which you cannot but applaud and appreciate, and cast your vote in favor of a re-united country, and the blessings which will inevitably flow from a conquered peace.

IS THE WAR A FAILURE.

By referring to our column of war news it will be seen that our western army is again crowned with a victory which in point of importance to us and disaster to the enemy has not been equaled in the history of this rebellion. Atlanta, the great railroad centre, and mechanical depot of supplies for the rebel army has fallen, and with it crumbles the last hope of traitors. Holding as we do these main arteries of trade from North to South

and from East to West the rebel armies cannot long be supplied with the means necessary to prosecute the war and must soon disband from sheer exhaustion.

We have but to ask our readers to contrast the condition of the country three years ago when the Mississippi was blockaded by rebel guns almost from St. Louis to New Orleans, when Memphis, Vicksburg, Port Hudson and New Orleans were bristling with defiant guns of traitors, stolen from the Government, and fortified with work of almost impregnable strength; when Nashville was the nucleus of treason in the West, and Atlanta the heart of the confederacy was designated as the great manufacturing town for the supply of rebel munitions of war on account of its safety from our armies, when Lee menaced Washington with an overwhelming force which placed for a series of months the army of the Potomac on the defensive, we ask those who cry peace for the only reason that the war on our part is a failure, to contrast the then condition of the country with the late grand achievements of our armies and the conquered territory which we now possess, and in this contrast find a solution of the question of the ability of the Government to overthrow the rebellion.

Another Union Victory.

Returns which are coming in from the late election in Vermont show that the Union candidate for Governor will be elected by a majority of 22,000. Republican Congressmen are re-elected by overwhelming majorities.

THE WELDON ROAD.

The effect of the loss of this great highway on the rebel situation is more and more manifest. On this point a letter from the front says:

It is now conclusive from the statements of rebel wounded and prisoners that General Beauregard, whose troops first confronted us here, made them an address before taking them into action, setting forth the indispensable necessity to the Confederacy of recovering possession of the Weldon Railroad. "Boys," said he—for so the speech is reported to me in substance—"we have lost this railroad, and we must get it back. You are now as you know living on half rations. If you don't get this road back again you will be living on quarter rations within four days. Boys you know your duty; now go in." The boys did go in; but they were soon glad to get out again.

Reconnaissance of Mobile Bay.

CAIRO, Aug. 23.
A communication dated "Blockading Squadron, Mobile Bay, Aug. 16th," says: "The naval reconnaissance towards Mobile on the 15th, found formidable but not insurmountable obstructions. Beside batteries, rams and sunken vessels, there is a strong casemated fort, mounting ten guns. In all the spaces between the batteries and the sunken vessels on both shores piles are driven, the tops of which are sawed off just below the surface of the water, and have heavy iron bolts in them sharpened at the upper end so as to tear off the bottom of a boat passing over them. Men were seen working on two ram-looking contrivances, steamboats, and among them were four English built craft, probably blockade runners. The rebels are completely cut off from their rear works. The health of the army and navy are good."

THE INDIAN WAR.

2,200 Persons Murdered on the Plains.

St. Louis, Sept. 1.
Late advices from Fort Riley say Indian outrages have increased during the past ten days. On the 19th a train from Santa Fe to Leavenworth was attacked at Cameron Springs. Ten men were killed and all the stock captured. The train was abandoned on the 21st. 200 Indians attacked several trains, including one belonging to the Government, 60 miles west of Fort Laramie. One man was killed and nearly all the stock captured. Large bands of Indians are congregating near Fort Logan. Outrages are of daily occurrence. A party coming within sight of the Fort were pursued by Wyandottes and 3 or 4 of them killed. The section of country traversed by savages extends from the Platte to Fort river, about 400 miles, from East to West. Our present force is entirely inadequate to the work before it, and immediate reinforcements are absolutely needed. Over 2,000 persons have been murdered on the Platte route, and 150 on the Arkansas and its headwaters. Snaky Hill and Republican rivers. \$300,000 in property were destroyed, besides 3,000 horses, 5,000 mules and 2,000 oxen captured. Idaho mountain is said to swarm with disaffected and disloyal men. It is estimated that 2,000 men of this class have gone there. The Mexicans are very uneasy along the mountain range. The Confederate agents have been at work among them.

WAR NEWS OF THE WEEK.

From St. Paul Press 4th.

The Southern Confederacy and the Northern Democracy have received their death-blow.

The long coveted prize of victory has crowned the sufferings and sacrifices of our noble Army of the West. ATLANTA IS OURS!!

Hardly had the traitorous resolve of the Chicago Convention—that the war was a failure, and that peace must be purchased by a shameful and cowardly surrender of the glorious gains of the war—died upon the arched lips that uttered it, before the arches of Heaven shook with the thunder of Sherman's victorious cannon, and the xelkin rings with shouts of final victory over the last rebel stronghold in the Southwest, and declares the Chicago platform a Lie.

Leaving but a single corn behind him Sherman marched, on Friday the 26th, with his main army, with fifteen or twenty days rations, due Southeast, and apparently struck the Macon railroad considerably south of East Point, the scene of his battle with Hood. With Sherman planted on his only line of communications with the outer world, nothing was left for Hood but to come out and fight him, or run away. The forces met at East Point, some six or seven miles south of Atlanta, but beyond the fact that Sherman was victorious, we have no particulars of the engagement.

The consequences of a victory at this point, however it is easy to see. First, it forced the evacuation of Atlanta by the rebels and we hold it. Second, as Sherman holds the Macon road Hood cannot retreat towards that point, except by exposing himself to be badly cut up in the process; and the probabilities are if he does attempt it we shall hear that he has been vigorously pursued and routed by Sherman. Third, in that event, Macon falls into our hands without a struggle, and the whole Railroad system of Georgia, and with it this State and all the Gulf States west of it, lie helpless at Sherman's feet. Selma, Montgomery, Mobile, cut off from the rest of the Confederacy, will fall like ripe apples shaken from a prostrate tree into our hands.

The same result will follow if Hood retreats by the Augusta road due east from Atlanta.

LATER.

NASHVILLE Sept. 5.
News from Sherman's army received to-day reports the enemy's loss to be 3,000 killed and wounded.

We captured 2,000 prisoners; among them is a Brigadier General, name not given. A large amount of property was also captured. The army is in full possession of Atlanta. The river has risen four feet.

The enemy destroyed seven (7) locomotives and eighty-one (81) cars loaded with ammunition, small arms and stores, and left fourteen pieces of artillery, mostly uninjured; and a large number of small arms. Deserters are constantly coming within our lines.

The rebel guerrilla horse-thief, John Morgan, has at last met his desert. He was surprised by our forces in East Tennessee, his band defeated with considerable loss, himself killed and his staff captured.

Later reports swell the rebel loss at Atlanta to 3,000 killed and wounded, and 2,000 prisoners.

Wheeler has been driven from the line of the Tennessee Railroad, in a south-westerly direction, by Roseau, who pronounces his raid a total failure.

The Richmond organs of Jeff Davis declare themselves perfectly satisfied with the Chicago nominations. McClellan, they learn, has repented of his war record, and is in for the sort of peace they want. And Pendleton is their man all over. The telegraphic extract from the Richmond Examiner is rich reading for War Demos. at.

PRESIDENT LINCOLN AND THE DRAFT.

The President stands firm against every solicitation to postpone the draft. To the procrastinators who have asked it, that they may fill their quota by volunteers, his reply is, that for this end his proclamation gave ample time and that the army is not to be punished if that time has been wasted. To the alarmists who are concerned lest the draft cannot be enforced without resistance and insurrection, his reply is that, if it has come to this, the quicker the Government proves its power to maintain its laws, the better. To the little calculators of his party who are exercised lest the enforcement of this draft will defeat his election, his reply is that, whatever his fate, he shall do his duty. "No rejoice in this spirit. It is precisely what the crisis demands."—N. Y. Times.

The distinguished George S. Hilliard of Boston, a well-known conservative, has avowed his purpose to sustain Mr. Lincoln, though he opposed him in 1860. He does this on the eminently patriotic ground that as Mr. Lincoln's election was made the pretext of the Rebellion, the majesty of the law should be vindicated in his person. The moral effect of Mr. Lincoln's re-election would be invaluable.

STATE ITEMS.

Ample preparations have been made by Gen. Sibley to protect and strengthen the posts on the frontier. A strong cavalry patrol will scout along the entire line daily, and thus render it almost impossible for Indians to get within our lines. The infantry, garrisons of the post have been strengthened, also. It is certain that there are no Indians within our lines now.—Press 30.

The Union Convention of the First District, which met at Owatonna, on Tuesday last, gave its unanimous vote for the re-nomination of Hon. Wm. Windom, to represent that District in Congress. This is Mr. Windom's fourth nomination by the Republicans of his District.

LIEUT. COL. JOHN T. AVERILL, Provost Marshal of the State, has been commissioned by Governor Miller, as Colonel of the Eleventh Regiment; and Captain John Ball, late of the First Regiment, as Major of the Eleventh.

LATER.—Col. Averill having declined the position, Captain Gillilan of the 7th Regiment has been commissioned in his stead. John Ball of the 1st Reg. is appointed Lieut. Colonel and John Peller of the same regiment, Major.

GENERAL ORDERS, No. 43.

Authority having been obtained from the War Department, the Governor hereby directs the immediate organization of a Battalion of Infantry to be designated as the "Second Battalion of Minnesota Volunteer Infantry," and to be completed by the first of October, 1864.

Persons volunteering for this organization may enlist for one, two, or three years as they may elect.

The Battalion will be composed of four companies, and one Second Lieutenant will be appointed for each company for Recruiting officer.

All recruiting officers appointed by the Commander-in-Chief will immediately report in person to Capt. W. H. Russell, Mustering Officer at St. Paul, to be mustered by him into the service of the United States, before they commence recruiting.

Articles of enlistment will be made out in duplicate by the recruiting officers and recruits must be sent to the General Headquarters at Fort Snelling at least as often as once a week.

Transportation and subsistence for recruits will be paid by the Disbursing officer upon vouchers approved by the Superintendent of the Recruiting Service.

Bounties will be paid as follows:
For one year . . . \$100
For two years . . . \$200
For three years . . . \$300

The first installment of said bounty will be paid by the mustering and disbursing officer when the recruit is mustered, and will consist of one-third of the whole bounty.

It is hoped that towns now deficient will avail themselves of this opportunity to fill their entire quota under the call of July 18th, 1864, for 500,000 men.

OSCAR MALMROS,

BOARD OF COMMISSIONERS.—The county Board met at the Auditor's office on Tuesday last in pursuance of law, all the members being present except the commissioner for Dist. No. 5 who was drafted into the United States service.

The Board after taking the required oath proceeded to equalize the valuation of real estate. The valuation in Benton was raised thirty per cent, in Young America sixty per cent, in Camden sixty per cent, in Hollywood fifty per cent, in Watertown twenty-five per cent, and in Chanhassen it was reduced ten per cent. Also the valuation of lands of persons whose assessments were complained of as unjust, were reduced.

The report of the road committee was received, it being in favor of granting a petition for the vacation of a portion of the Shakopee and Excelsior road running through the land of Carl Drucke; also in favor of granting to Henry Teich \$200 damage sustained by the Bloomington State road.

A resolution was passed allowing to John Larson a sick pauper in San Francisco with a broken leg, ten dollars per month until further orders. Also a resolution appointing each county commissioner in his respective District a committee of one to examine into the circumstances of persons receiving help from the volunteers bounty fund, and authorizing such committee to strike from the list all persons not needing such assistance, and resending all other resolutions inconsistent with this.

The following rates of taxation were levied for the current year:

County tax	per dollar val.	10 mills
Int. a sinking fund	74	"
Vol. bounty fund	8	"
School tax	2	"
State tax	51	"
Poor tax	1	"

The following persons were appointed School Examiners for the ensuing year, 1st Dist. W. A. Griffin, 2nd, A. C. Lehmann, 3rd, Henry Gerdson, 4th E. F. Lewis, 5th, James Slocum.

Various bills for printing, stationery, &c., were allowed amounting to \$222.50. The town of Dahlgren was placed in the first commissioner District. The Clerk of the Court was authorized to record all marriage certificates and naturalization papers filed in his office previous to 1891.

A resolution was passed appointing the Auditor and Eli F. Lewis a committee to contract for the building of a wall through the center of the main building under the first floor, and a brick safe for the preservation of the records, also for finishing three office rooms on the first floor of the main building, all to be completed by the 1st of November next. Adjourned to first Tuesday in December.

LADY'S FRIEND.—The September number of this valuable repository of fashion and literature was received last week, a notice of which was carefully omitted. The Lady's Friend contains every element of a perfect work, answering to the necessities of every shade of taste either in dress or literature. It has already become a formidable rival of Godey, and will doubtless meet with equal and deserved success.

WATERTOWN.—The town of Watertown joins with the majority of our county towns, and is succeeding admirably in filling her quota. Four thousand three hundred dollars have been subscribed either for bonds of the town, or as a gift towards raising recruits. Fourteen of their number have been furnished, and two more will fill their quota under the late call.

RIVER NEWS.—The steamer Monitor continues to make daily trips. The steamer Express also makes occasional visits to our landing, having in tow a small barge for freighting purposes. Barges are making ready for the fall trade, and wood, brick, &c. are beginning to move toward the Capital.

WORTHY OF MENTION.—We are informed that Messrs. Isaac I. and Eli F. Lewis of Watertown, both of whom have been exempted from the draft on account of physical disability, have each furnished a "representative recruit," at a cost of from three to four hundred dollars each. A more commendable deed of patriotism in citizens of our county who are as able as these gentlemen to spend that amount of money, we have not been able to record. Watertown can boast of sending to the army representative recruits. Will not some other town of our county emulate this patriotic example.

COURT HOUSE.—We are informed that Messrs. Noble and Quance have taken the contract for building the wall, and brick safe, and plastering of the court house. James Delemater will do the wood work.

THE DRAFT.—Owing to a very singular mistake the draft will probably not take place until the 16th inst. As the law was first printed the President must first give fifty days notice before ordering a draft, but since an official copy of the law was printed by Little and Brown it is discovered that sixty days notice must be given. It was manifestly an error in the printer. This will give delinquent towns ten days more in which to fill their quota.

HOSTETTER'S.

CELEBRATED

Stomach Bitters.

A pure and powerful tonic, corrective and alterative of wonderful efficacy in disease of the Stomach, Liver and bowels, Constipation, Liver complaints, Headache, General Debility, Nervousness, Depression of Spirits, Constipation, Colic, Intermittent Fevers, Cramps and Spasms and all Complaints of either Sex.

It is well to be forearmed against disease, and so far as the human system can be protected by human means against the engendered by an unwholesome atmosphere, impure air, or other external causes, HOSTETTER'S BITTERS may be relied on as a safeguard.

In districts infected with Fever and Ague, it has been found infallible as a preventive and irresistible as a remedy and thousands who resort to it under apprehension of an attack, escape the scourge, and thousands who neglect to avail themselves of its protective qualities in advance of the onset of malarial fever, are afterwards pained and prostrated by the disease.

Fever and Ague patients, after being pained with quinine for months in vain, until fairly saturated with that dangerous alkaloid, are not unfrequently restored to health within a few days by the use of

Hostetter's Bitters.

The weak stomach is rapidly invigorated and the appetite restored by this agreeable Tonic and hence it shows wonders in cases of Dyspepsia, and in less confirmed forms of Indigestion—Acid eructa, a gentle and painless aperient, as well as upon the liver, it also invariably relieves Constipation superinduced by irregular action of the digestive and excretive organs.

Persons of feeble habit, liable to Nervous Attacks, Losses of Spirits and Fits of Languor, find prompt and permanent relief from the Bitters. The testimony on this point is most conclusive, and from both sexes.

The agency of Bilious Colic is immediately assuaged by a single dose of the stimulant, and by occasionally resorting to it, the return of the complaint may be prevented.

As a General Tonic, HOSTETTER'S BITTERS produces effects which must be experienced or witnessed before they can be fully appreciated.

In cases of Constitutional Weakness, Premature Decay and Debility arising from Old Age, it exercises the electric influence. In the convalescence of all diseases it operates as a delightful invigorant. When the powers of nature are relaxed, it operates to re-energize and re-establish them.

Last, but not least, it is

The Only Safe Stimulant,

being manufactured from sound and innocuous materials, and entirely free from the acid, electric and violent action of the ordinary tonics and "chambers of the day."

No family medicine has been so universally and so truly called, deservedly popular with the intelligent portion of the community, as "Hostetter's Bitters."

HOSTETTER'S. CELEBRATED Stomach Bitters.

A pure and powerful tonic, corrects
and alleviates of all diseases
of the stomach, liver and bowels, Cures Dyspepsia, Liver
complaint, Headache, General Debility,
Nervousness, Depression of Spirits, Con-
stipation, Colic, Intermittent Fevers,
Cramps and Spasms and all
Complaints of either sex
arising from bodily weakness whether inherent
in the system or produced by special causes.
Nothing that is so wholesome, gentle and restor-
ative in its nature enters into the composition
of Hostetter's Stomach Bitters. This popular
preparation contains no mineral of any kind, no
deadly botanical element, no fiery excitant, but
it is a combination of the extracts of rare and
valuable herbs and plants with the purest and
most effective of all medicines.
It is well to be forewarned against disease, and
so far as the human system can be protected by
human means against such an engendered by an
unwholesome atmosphere, impure water and other
external causes, HOSTETTER'S BITTERS
may be relied on as a preventive and a restor-
ative as a remedy and thousands who resort to
it under apprehension of an attack, escape the
source, and thousands who neglect to avail
themselves of its restorative qualities in advance
are cured by a very brief course of this marvellous
medicine. Fever and Ague patients, after being
riddled with quinine for months in vain, until far-
ly saturated with that dangerous alkali, are
not infrequently restored to health within a few
days by the use of
Hostetter's Bitters.

clusive, and from both sexes.

HELMHOLD'S EXTRACT BUCHU.

For Weaknesses arising from Excesses, Habitual
Disipation, Early Indulgence of Abuse, at-
tended with the following symptoms:-
Indisposition to Exertion, Loss of Power, Loss
of Memory, Difficulty of Breathing, Weak
Nerves, Trembling, Horror of Ease, Wake-

Universal Lassitude of the Muscular System,
Red hands, Flushing of the body, Dryness of

this medicine invariably removes, soon follow
Impotency, Fatuity, Epileptic Fits,
In one of which the Patient may expire.
Who can say that they are not frequently fol-
lowed by those "Direful Diseases,"
"Insanity and Consumption"

Many are aware of the cause of their suffering,
but none will confess the records of the insane
asylum, and melancholy deaths by consump-
tion bear ample witness to the truth of the asser-
tion. The Constitution once affected with Or-
ganic Weakness requires the aid of medicine to
Strengthen and Invigorate the system, which
Helmhold's Extract Broom invariably does.
A Trial will convince the most skeptical.

FEMALES-FEMALES-FEMALES

In many affections peculiar to females the Ex-
tract Broom is unequalled by any other remedy,
as in Chlorosis or Retention, Irregularity, Pain-
fulness, or Suppression of Menstruation, Excessive
Discharge of Nervous matter, the Whites, Leu-
chorrhea or Whites, Sterility, and for all com-
plaints incident to the sex, whether arising from
indiscretion, habits of dissipation, or in the
decline or change in Life.

Take no more Balsam, Mercury or unpleasant
medicines for unpleasant and dangerous diseases.
Helmhold's Extract Broom and Im-
proved Rose Wash Cures.

Secret Diseases.

At little expense,
Little or no change in diet No inconvenience,
and no exposure.

It causes a frequent desire and gives strength
to urinate, thereby removing obstructions, pre-
venting and curing strictures of the urethra, al-
leviating pain and inflammation, so frequent in
the class of diseases and expelling all "poisonous
discharges and worn-out matter."

Thousands upon thousands who have been the
victims of Quacks, and who have paid "heavy
fees" to be cured in a short time, have found
that they were deceived, and that the "Quack"
by the use of "powerful astringents," been dried
up in the system, to break out in an aggravated
form and perhaps after marriage.

Use Helmhold's Extract Broom for all affec-
tions and diseases of the Urinary
Tract, whether existing in Male or Female,
from whatever cause originating and no matter how
long standing.

Diseases of these Organs requires the aid of a
Diuretic. Helmhold's Extract Broom is the
great Diuretic, and is certain to have the desired
effect in all Diseases for which it is Recommended.
Evidence of the most reliable and responsible
character will accompany the medicine.

THE MUTUAL LIFE INSURANCE COM-

PANY OF WISCONSIN, is the Company for West-
ern men to insure in.
It is made up of and managed by Western
men, and is thus having its risks all reside in the
healthiest part of the Union. It is believed
that its rate of mortality will be lower than that
of the Eastern Companies, in the future as it has
been in the past.

The Company is now in the fifth year of "busi-
ness, and has proven an entire success, having
issued over four thousand policies, and accumu-
lated in reserve premiums two hundred thousand
dollars. It started without guarantee capital,
and experience has proven that none was neces-
sary.

The business of a company is conducted up-
on the same general basis as that of the most
successful Eastern Companies, with the advan-

as its guide.

There are now a large number of members of
the Company in St. Paul and vicinity, among

THE DRAFT ORDERED.

The draft which was to have taken place on the 16th inst. is ordered to take place on Monday next. Preparations may not be quite completed at that time, and it is probable that several days may yet elapse before the wheel turns. In the mean time volunteers will continue to be accepted until the latest moment. The details of the order are contained in the following letter from Lieut. Col. Averill to Captain Keith.

CAPTAIN:—By directions received this day from the Provost Marshal General, you are directed to "commence the draft on Monday, the 19th inst., beginning, as far as practicable, in those deficient Districts and Sub-Districts where there is the least volunteering going on. The quota of every Sub-District, under this call must be filled, and the draft will be continued until it is so filled, either by volunteering or drafting. You are expected to offer every possible inducement for the filling of the quotas of Sub-Districts by enlistments. In view of this, you will receive credits and count them on the quotas of the present call up to the last practicable moment, before the draft of men are accepted and sent to the General Headquarters. But no man will have the privilege of enlisting after being duly notified that he is drafted. You will please report at this office what Sub-Districts seem to be neglectful in raising their quotas; and in such you will be expected to commence the draft.

With the inducements to enlist voluntarily which are now presented by the call of the Government, for a Regiment of Heavy Artillery, to it is to be hoped that most Sub-Districts will clear themselves from the draft. Should you learn that any Sub-District now deficient in making successful efforts to fill its quota, the action of the draft in such Sub-District should be deferred, until you may become satisfied that further delay is of no inducement to the enlistment of men. This last day of grace is meant, however, for those only who may not have had full opportunity for recruiting, and who may now produce to your evidence of zeal and activity in the necessary work.

I am, Captain, very respectfully, your obedient servant, J. T. AVERILL,
Lt. Col. A. A. P. M. Gen'l.

Gov. MILLER desires us to say that in order to give all the soldiers at Fort Snelling an opportunity to vote before leaving the State, the votes will be taken at that post on the 16th inst.

As this is, we suppose, the only opportunity they will have to record their votes on the most important election which ever took place in this country, we would urge upon them the duty of being present at that time.—St Paul press 13th.

The Union State Convention.

NASHVILLE, Sept. 8.

The latest information from Rousseau is that he is driving Wheeler, who is trying to get across the Tennessee river.—We have captured many prisoners, and desertions are frequent.

The Union State Convention has adjourned sine die. It passed Resolutions favoring the call of State Convention and the immediate Abolition of Slavery.

The N. Y. World says that Fremont is about to retire from the Presidential canvass, and that an announcement of the fact will probably be made at an early day. It also says that old Ben Wade has been brought into the ranks again, and will soon take the stump for Lincoln and Johnson. It sorrowfully admits that there will be unity among the opponents of the Democracy.

Arms for the Eleventh regiment, now encamped at Fort Snelling, were forwarded from Rock Island on the 8th inst. A telegram was received from the War Department yesterday asking to have the regiment hurried forward. The men are held in readiness to start immediately upon receiving equipments, six hours being the longest furlough granted.—Press 15th.

ABOUT 200 Southern Unionists escaped from the rebel army, and attached to the First U. S. Volunteers, arrived on the 15th inst. They were in command of Captains H. P. Stout and Musgrove. They will be sent to Fort Ridgely, probably, and distributed along the line of frontier post garrisons.

These men are nearly all Union men conscripted into the rebel army, from which they deserted at the first chance, and entered the Federal lines. If they were placed in the Union army, and should be captured by the rebels, they would be executed. So they are sent to serve in the frontier, and relieve an equal number of other troops, who can be sent to the front without danger.—St. Paul Press 11th.

IMPORTANT LETTER FROM GEN. GRANT.

WASHINGTON, Sept. 8.

The following is an extract from a telegram from Lieut. Gen. Grant, dated headquarters, City Point, Va., Sept. 6: To Hon. E. B. Washburne:

DEAR SIR:—I would state to all citizens whomsoever it may concern, that all we want now, to ensure the early restoration of the Union, is a determination on the part of the North, and unity of sentiment in the North. The rebels have now in their ranks the last man, boys and old men are guarding bridges and forming a good part of their garrisons for entrenched positions. Any man lost by them cannot be replaced. They have robbed the cradle and the grave equally to get their present force. Beside what they lose in frequent skirmishes and battles, they are losing from desertion and other causes, at least one regiment per day. With this drain upon them the end is not far distant, if we will only be true to ourselves. Their hope now is in a divided North. This might give them reinforcements from Tennessee, Kentucky, Maryland and Missouri, while it would weaken us.

With the draft enforced, the enemy would make but little resistance. I have no doubt the rebels are anxious to hold out until after the Presidential election: They hope much from its effects. They hope for a counter revolution. They hope for the election of the peace candidate. In fact like Micawber, they hope for "something to turn up." Our peace friends if they expect peace from separation are much mistaken. It would be the beginning of the war, with thousands of northern men joining the South because of our disgrace in allowing separation. To have peace on any terms, the South would demand restoration of their slaves already freed; they would demand indemnity for losses sustained, and they would demand a treaty which would make the North slave hunter for the South.

Yours truly,
U. S. GRANT.

THE DESTRUCTION OF THE INDIAN CAMP BY GEN. SULLY'S TROOPS.

A copy of Col. McLaren's report to Gen. Sully, of the destruction of the Indian camp and stores, after the recent battle, has been received by Gen. Sibley.

Col. McLaren's force consisted of four companies of his regiment, two of the Dakota cavalry, four companies of the 6th Iowa, and two companies of the 8th Minnesota. Company G, of the 24 Minnesota cavalry was deployed as skirmishers, and sent forward into the timber to protect the working parties, while the remainder of the force was employed in destroying the Indian camp and collecting the meat and berries the Indians had concealed in the woods and ravines. Buffalo meat, dried and packed in buffalo skins, was found and burned, to the amount of several tons, and also large quantities of dried berries, buffalo robes, and tanned skins of buffalo, elk and antelope. Finding that otherwise the work would occupy his force more than the day allowed, Col. McLaren finally collected all the lodge poles, (from the number of which he estimated the camp to have contained fourteen hundred lodges,) and burned them, and then set the woods on fire in various places. As the fires spread into the timber, Indians were plainly seen to escape up the mountains, leaving several ponies tied to pocket stakes, some of which were secured by our troops, and others were burned by the fire.

During the time the troops were engaged in burning the lodges and stores found in the camp, the Indians showed a white flag on the mountain side, but Col. McLaren, probably remembering incidents in the past, going to show that an Indian flag of truce was not to be trusted, paid no attention to it.

A Peace Speech.

J. H. Woodward, a young man, resident of Indiana, and at one time Adjutant of an Indiana regiment, was called out at a recent peace meeting, and responded as follows:

GENTLEMEN:—The great cry that I have heard to-day has been peace, peace. I will tell you that there is no man in the nation who desires peace more than I do—a permanent, lasting peace.—[Cheers.] And, gentlemen, I will tell you how we will get it. Fight this war out. Take every negro in the rebel States, and exterminate every d—d infernal rebel, no matter where you may chance to find them. [Hisses.] Gentlemen, you need not try to hiss me down, for I am an old soldier, and have faced almost as mean a looking crowd as is now before me. I mean the thieves and bushwhackers of Tennessee. I know I was called upon to make a speech out of derision, and I intend to tell you what I think of you. When God said he would save Sodom if ten righteous men could be found there, I have no doubt He would have done it; and to-day, if you all stood on the brink of hell, and He were to say He would save you if one loyal man could be found among you, I have not the least doubt but there would be a great many strange faces in hell for supper.

Gentlemen, when you wish to hear from me again, you have only to call upon me. I am always at home.

GRANT.

The Situation Improving.

WASHINGTON, Sept. 13.

One of Gen. Grant's staff just arrived here, reports the situation of the army improving vastly. Lee cannot attack with any effect until Early returns, and Sheridan holds him so closely he cannot fall back without immense disaster.

NEW YORK, Sept. 14.

The Commercial's Washington special says: Officers who left Grant's Headquarters yesterday report that nothing was going on except occasional shelling, and picket assaults.

The Post's Washington special says: Advice from the army of the Potomac state that the rebels seem to be feeling our lines slightly, but have made no general attack at any point.

Gen. Grant has issued an order that all civilians near his lines in front of Petersburg, who refuse to take the oath of allegiance, shall be sent through the lines of the enemy. The order also prohibits the sale of provision to civilians who refuse to take the oath.

SOUTHERN NEWS.

NEW YORK, Sept. 13.

From files of Southern papers we glean the following: The Charleston Mercury says all foreign residents in Savannah, who will not organize for the defence of the city by the 30th, would be sent to Atlanta.

Vance's majority for Governor of North Carolina, over Holden, the peace candidate, is estimated at 50,000, in a total vote of 75,000.

The Richmond Examiner of the 9th says: The hope built on the terrible things "Theodor" was to do with Sherman's communications, seems, we regret to say, falling into nothing.

The Savannah News learns that the government powder works at Augusta were blown up on the 3d inst., with some 3000 pounds of powder. Nine persons were killed.

The Richmond Examiner of last Friday says: Grant has massed a great number of troops on the Railroad two miles south of Petersburg, and has with in the last ten days pushed his left a quarter of a mile west of the railroad—He will at an early day make a grand burst, and try to reach the south side of the railroad at some point near town. This is to be his next grand move.

The Why says, Gen. Sherman visited the rebel wounded at Jonesboro, and told them he intended to take his army back to Atlanta, rest it, and then go to Andersonville. The Why says this may be regarded as Yankee bragadoocio.

The Charleston Courier of August 30th says, the torpedo floated down on the barges towards Fort Sumter on the night of the 29th, exploded within 30 feet of the west face of the fort, doing no damage whatever.

The Richmond correspondent of the Charleston Mercury of the 29th, says the rebel soldiers are suffering from swollen feet in consequence of sitting and standing so much in the water in the trenches. Ague and fever is also very prevalent in the rebel army.

The Charleston Courier of September 3d, has a strong article against cessation of hostilities, which it says the North needs to strengthen its armies and war power, yet the same issue contains an article which closes as follows: "War contains in itself every vice and calamity under which mortals groan. It brings poverty, disease, death, rapine, devastation, extortion, murder and crimes of every description and woes of every shape. May the God of Peace speedily lift up the light of his countenance upon us, and grant us peace."

HELMHOLD'S. GENUINE Preparations.

HELMHOLD'S Fluid Extract Balm, a Positive and Specific Remedy for Diseases of the Bladder, Kidney, Gravel and Rheumatic Swellings. This Medicine increases the power of Digestion and cures the Absorbents into healthy action, by which the Watery or Catarrhal deposits, and all Unnatural Enlargements are reduced, as well as Pain and Inflammation.

HELMHOLD'S EXTRACT BUCHU.
For Weakness arising from Excesses, Habits of Intemperance, Early Indulgence of Abuse, attended with the following symptoms:—
Indisposition to Exercise, Loss of Power, Loss of Memory, Difficulty of Breathing, Weak Nerves, Trembling, Horror of Sleep, Wakefulness, Dimness of Vision, Pain in the Back, Universal Lassitude of the Muscular System, Hot hands, Flushing of the face, Dryness of Skin, Eruptions on the Face, Pallid Countenance.
These symptoms, if allowed to go on, which this medicine invariably removes, soon follows Impotency, Paralysis, Epileptic Fits, In one of which the Patient may expire.
Who can say that they are not frequently followed by these "Direful Diseases,"

"Insanity and Consumption"
Many are aware of the cause of their suffering, but none will confess the records of the insane asylums. And melancholy deaths by consumption bear ample witness to the truth of the assertion. The Consumption once affected with Organic Weakness requires the aid of medicine to strengthen and invigorate the system, which Helmhold's Extract Buchu invariably does. A trial will convince the most skeptical.

HELMHOLD'S EXTRACT BUCHU.
In many affections peculiar to females the Extract Buchu is unequalled by any other remedy, as in Chlorosis or Retention, Irregularity, Painfulness, or Suppression of Menstruation, Excessive Uterine or Serious state of the Uterus, Leucorrhoea or Whites, Sterility, and for all complaints incident to the sex, whether arising from indigestion, habits of dissipation, or in the Decline or Change in Life.

Take no more Balsam, Mercury or unpleasant medicines for unpleasant and dangerous diseases. Helmhold's Extract Buchu and Improved Rose Wash Cures.

Secret Diseases.
At little expense. No inconvenience, and no exposure.
It causes a frequent desire and gives strength to urinate, thereby removing obstructions, preventing and curing strictures of the urethra, alleviating pain and inflammation, so frequent in the class of diseases and expelling all "poisonous" and worn-out matter.

Thousands upon thousands who have been the victims of Quacks, and who have paid "heavy fees" to be cured in a short time, have found they were deceived, and that the "Poison" has, by the use of "powerful" astringents, been driven up in the system, to break out in an aggravated form and perhaps after Marriage.

Use Helmhold's Extract Buchu for all affections and diseases of the Urinary Organs, whether existing in Male or Female, from whatever cause originating and no matter how long standing.
Diseases of these Organs requires the aid of a Diuretic. Helmhold's Extract Buchu is the great Diuretic, and is certain to have the desired effect in all Diseases for which it is recommended. Evidence of the most reliable and responsible character will accompany the medicine.

THE MUTUAL LIFE INSURANCE COMPANY OF WISCONSIN, is the Company for Western men to insure in.

It is made up of and managed by Western men, and is thus having its risks all reside in the healthiest part of the Union. It is believed that its rate of mortality will be lower than that of the Eastern Companies, in the future as it has been in the past.

The Company is now in the fifth year of business, and has proven an entire success, having issued over four thousand policies, and accumulated in reserve premiums two hundred thousand dollars. It started without guarantee capital, and experience has proven that none was necessary.

The business of a company is conducted upon the same general basis as that of the most successful Eastern Companies, with the advantage of having the experience of the older one as its guide.

There are now a large number of members of the Company in St. Paul and vicinity, among whom are some of our best business men.

SHERIDAN'S GREAT VICTORY.

Sheridan's great victory looms up in grander proportions as the smoke of battle clears away. The roll of prisoners especially has been largely augmented by stragglers from Early's demoralized and routed army. The precipitancy of his flight will alone go far to disorganize the panic-stricken remains of the legions which but a little while since were insolently threatening an invasion of the North. The N. Y. Times, correspondent estimates Early's loss in killed, wounded and prisoners, at 10,000; but every step in his flight reveals the fearful aggregate, and by the time he reached Staunton, he will probably have hardly a full brigade left.

Our dispatches give elsewhere full particulars of the battle. It was bravely, splendidly, gloriously fought, and the results are more thoroughly decisive than any other ever fought on the soil of Virginia. It sweeps every vestige of rebel rule forever from the valley of Shenandoah.

Sheridan is rapidly pursuing the shattered remains of the rebel army, and on Tuesday night had already reached Strasburg, thirty miles from the battle ground. Early will probably run as fast as his legs can carry him to Lynchburg.

He can receive no reinforcements short of that point, for it turns out that, as a preparation for Sheridan's victory over Early, Grant had sent a raiding force to destroy the Virginia Central Railroad, forming his only line of communication between Richmond and the Shenandoah Valley. We have the announcement of the complete success of this raid through the Richmond papers. Early is thus cut off from Richmond by that route, and will have to travel sixty miles beyond Staunton to reach railroad or telegraph communication with Richmond.

We have some doubts whether Sheridan will continue the pursuit further than is necessary to complete the destruction of Early's army; but events will soon show whether this being accomplished, he will be withdrawn to Petersburg, or move on to Lynchburg.—Press 22.

FROM WASHINGTON.

The President's Private Secretaries Drafted.

New York, Sept. 20.
A special dispatch to the Commercial from Washington says the draft of the 1st Ward of this city, was completed quietly to-day. Messrs. Nicolay and Hay, the President's Private Secretaries, and Alderman Ripley, were drafted.

THE DRAFT COMMENCED.

The draft in the Second Congressional District, under the 500,000 call, commenced at Capt. Keith's office, Mackubin's Block, yesterday.

Under the new law one hundred per cent, over the deficiency is drawn, so that the figures opposite the towns below, are double the deficiency actually required. Take, for instance, the town of Albion. Twelve names were drawn, though the quota is but six. The first six names drawn will be first examined, and if all pass, the last six will be free. If one, two or three of this first six are rejected, then the seventh, eighth, and ninth men drawn, will be taken, and so on until the quota is raised.

This will very nearly or quite abolish the supplementary drafts, which were obliged to be held under the old law. The following are the numbers drawn yesterday from the various towns:

WRIGHT COUNTY.	
Albion	12
Buffalo	38
Delhi	5
Frankfort	20
Franklin	28
Maple Lake	8
Middleville	6
Moore's Prairie	4
Woodland	10

Total 132
The draft will be continued to-day. The deficiency for this District is 590, necessitating a draft for 1180 men.

STEARNS COUNTY.

The Draft proceeded very quietly yesterday. We notice that a great many towns are vigorously recruiting men before their turn comes. A few days of grace will be given to all towns making any effort to fill their quota by volunteering.

The following is the number drawn from the deficient towns in Stearns County:

Lyndon	6	Sank Centre	6
Marion	6	St. Joseph	14
St. Martin	16	Tecumseh	2
Munson	34	Wakefield	26
Oak	16		
Rockville	10	Total	136

SHERIDAN'S VICTORIES.

To Major General Dix:
Major General Sheridan attacked Early, fought a great battle, and won a great victory.

Over 2,500 prisoners were captured, also 9 battle flags, and 5 pieces of artillery. The rebel Generals Gordon and Rhodes were killed, and three other general officers wounded. All the enemy's killed and most of their wounded are in our hands.

The details are stated in the following telegram, received at the War Department. The department learns with deep regret that we lost many killed:

HARPER'S FERRY, Sept. 19 7 P. M.
Hon. E. M. Stanton:

I have just heard from the front. Our Cavalry under Averill and Merritt engaged Breckenridge's corps at Darksville, about daylight, and up to 6 o'clock had driven him beyond Stevens' Depot, a distance of seven miles, killing and wounding quite a number, and capturing two thousand prisoners from Gordon's Division.

On the centre and the left, the enemy were driven about three miles beyond the Opequan, in a line of earthworks; our infantry attacking them in position. As the officer left, he could distinctly hear heavy artillery firing, still continuing to this hour. Every indication is most favorable to us.

The Commercial's Washington special says that reliable reports from City Point state that the 3d division, 5th corps, intercepted the raiding party across the head of the Blackwater, and recaptured most of the cattle taken on Tuesday. They have also taken 700 prisoners. The rebels were shooting the animals that gave out, which guided the pursuing column.

It is reported here that ex-Secretary Chase will take the place of Charles Francis Adams, as minister to England. Advice from the army of the Potomac state that fresh troops are arriving rapidly, and that the situation was all that could be desired.

Signed, JNO. D. STEVENSON,
Brig. Genl.

HARPER'S FERRY, Sept. 20, 7:40 A. M.
To E. M. Stanton:

I have just heard from the front that Sheridan has defeated the enemy, capturing 2,500 prisoners, five pieces of artillery and five battle flags. Rebel Generals Gordon and Rhodes were killed, and three others wounded. Our loss was about 2,000. Gen. Russell of the 6th corps was killed. Gen. McIntosh lost a leg. The enemy escaped up the valley under cover of the night. Sheridan is in Winchester.

Signed, J. D. STEVENSON,
Brig. Genl.

Generals Upton, McIntosh and Chapman are wounded. Gen. Sheridan transmits to General Grant the following official report, which has just been received by the Department:
WINCHESTER, Va., Sept. 19, 7:30 P. M.
To Lieutenant General Grant:

I have the honor to report that I attached the forces of Gen. Early over the Berryville Pike at the crossing of Opequan Creek, and after a most stubborn and sanguinary engagement, which lasted from early in the morning until 5 o'clock in the evening, completely defeated him, driving him through Winchester, capturing about 2,500 prisoners, five pieces of artillery, nine army flags and most of their wounded.

The rebel Generals Rhodes and Gordon were killed and three other general officers wounded. Most of the enemy's wounded and all of their killed fell into our hands.

Our losses are severe; among them Gen. D. A. Russell, commanding a division in the 6th corps, who was killed by a

cannon ball. Gens. Upton, McIntosh and Chapman are wounded. I cannot tell our losses.

The conduct of the officers and men was most superb. They charged and carried every position taken up by the rebels from Opequan Creek to Winchester.

The rebels were strong in numbers and very obstinate in their fighting.

I desire to mention to the Lieut. Gen. commanding the gallant conduct of Gens. Wright, Crook, Torbett, and the officers and men under their command. To them the country is indebted for this handsome victory. A more detailed report will be forwarded.

P. H. SHERIDAN,
Major General Commanding.
LATER.

Sept. 21.

Reliable news from the front, states our army was crossing Cedar Creek yesterday, at 3 P. M.

There has been no further fighting. The following list of the rebel Generals killed and wounded, is correct. General Rhodes, Ransom, Gordon, Terry, Goodwin, Bradley, Johnson and Fitz Hugh Lee.

From all I can learn, the number of prisoners will approach 5,000. Indications are, that the rebels will not make a stand short of Staunton. They are evidently too much pressed to make a fight.

(Signed) JOHN D. STEVENSON,
Brig. Genl.

FROM LAKE ERIE.

More Particulars of the Rebel Lot—Buffalonians Scared.

TOLEDO, Sept. 20.

Capt. Orr, of the steamer Island Queen, arrived here from Detroit River this morning, and furnishes the Blade with a statement in regard to the piratical operations in the vicinity of Sandusky last night.

The Island Queen left Sandusky at 3 P. M. yesterday, stopped at Keiley's Island for 30 or 40 soldiers; passed to Middle Bass Island, where she found the "Parsons" in possession of pirates, who at once seized the "Queen." The soldiers were paroled as confederate prisoners, and the other passengers sworn to secrecy for 24 hours.

When out five miles the water cork of the Queen's pump engine was broken off, opening a hole in her side, and she was east off and left to sink. The Parsons passed on to the North of Sandusky Bay, and after hovering about some time apparently signaling the land, started for Detroit River, arriving at Fighting Island, on the Canada side, about 8 this A. M., where Capt. Orr, his clerk, and engineer were landed.

The Parsons was then run up the river to a dock where the captain supposed the plunder was landed, and the steamer burned.

As preparations were made for that object, he has no doubt that the seizure of the United States steamer Michigan and liberation of Johnston Island prisoners, were the objects of the plot. Both steamers were stripped of valuables.

Considerable excitement exists in government military circles, in regard to the two rebel steamers on Lake Erie. It will be recollected that some time ago Gen. Halleck ordered that the gunboat Michigan should be stationed at Johnston's Island, to prevent the threatened liberation of the rebel prisoners confined there. By a special treaty with Great Britain, the United States is prohibited from having more than one war vessel, armed with one gun, upon Lake Erie, and hence a protest was made by England against the Michigan's armament, which was 18 guns. As the Michigan is confined to the surveillance of Johnston's Island, it is feared that the rebel steamers will ravage our commerce, and perhaps lay Buffalo under contribution.

Brig. Genl.

GENERAL JOHN H. WINDER. This officer, well known in this city, has been removed from command at the post of Andersonville, Georgia, we learn, for "incapacity and inhumanity to prisoners."

This paragraph amounts to a confession of the truth of all the charges which have been made in relation to the inhuman treatment of our prisoners at Andersonville. Possibly, now that Winder is removed their confinement may be made more tolerable.

Rebel offer to Surrender Several Thousand Men.

An army officer just from below brings reports derived from Gen. Herron's Adjutant, that Col. Scott and the rebel troops near Baton Rouge, sent a proposition to Gen. Herron, to surrender four to six thousand men, provided Herron would grant unconditional pardon to the general officers of the command.

Mobile Not to be Captured at Present.

NEW YORK, Sept. 16.

The Commercial's Washington special says that nothing has been received by the Government to-day, and rumors to the contrary are false.

The statement that Farragut's fleet has approached Mobile in line of battle is not believed at the Navy Department. It is not the intention to attack. Secretary Wells does not approve of the policy of capturing Mobile for the present, the force being needed elsewhere.

Arrival of More Deserters.

WASHINGTON, Sept. 16.

Another batch of rebel deserters arrived here this morning from City Point on board of the steamer Vanderbilt. They represent Florida, Georgia, North Carolina, Tennessee and Virginia. They say that the rebel officers have to execute strictly of late owing to the frequent desertions of their men, who experience great difficulty in getting away. Many of them have been shot while escaping.

Stomach Bitters.

A pure and powerful tonic, corrects and invigorates the system, and is the best remedy for all diseases of the stomach, liver and bowels. Cures Dyspepsia, Liver complaint, Headache, General Debility, Nervousness, Depression of Spirits, Constipation, Pile, Intermittent Fevers, Cramps, and Spasms, and all complaints of either sex arising from bodily weakness whether inherent in the system or produced by special causes. Nothing that is not wholesome, gentle and restorative in its nature enters into the composition of Hostetter's Stomach Bitters. This popular preparation contains no mineral of any kind, no deadly botanical element, no fiery excitant, but is a combination of the extracts of rare botanical herbs and plants with the purest and most effective of all digestive stimulants.

It is well to be forewarned against diseases, and to fortify the human system against the attacks of human means against it. Hostetter's Bitters is a powerful and safe remedy for all diseases of the stomach, liver and bowels, and for all complaints arising from bodily weakness whether inherent in the system or produced by special causes. Nothing that is not wholesome, gentle and restorative in its nature enters into the composition of Hostetter's Stomach Bitters. This popular preparation contains no mineral of any kind, no deadly botanical element, no fiery excitant, but is a combination of the extracts of rare botanical herbs and plants with the purest and most effective of all digestive stimulants.

Hostetter's Bitters.

The weak stomach is rapidly invigorated and its appetite restored by this agreeable tonic and hence it works wonders in cases of Dyspepsia, and in its confirmed forms of Indigestion. Acting as a gentle and powerful aperient, as well as upon the liver, it also invariably relieves constipation unaccompanied by irregular action of the digestive and secretory organs.

Persons of feeble habit, subject to Nervous Attacks, Loss of Spirits and Fits of Languor, find prompt and permanent relief from the Bitters. The testimony on this point is most conclusive, and from both sexes.

The only safe Stimulant, being manufactured from sound and innocuous materials, and entirely free from the acid elements present in most of the ordinary tonics and stomachics of the day.

No family medicine has been so universally, and it may be truly said, deservedly popular with the intelligent portion of the community as Hostetter's Bitters.

COMPOUND Fluid Extract Broom, a Positive Specific remedy for diseases of the Bladder, Kidneys, Gravel and Dropsical Swellings. This Medicine increases the power of Digestion and excites the Absorbents into healthy action, by which the Watery or Glycerous depositions, and all Unnatural Enlargements are reduced, as well as Pain and Inflammation.

HELMHOLD'S EXTRACT BROOM.

For Weaknesses arising from Excesses, Habits of Dissipation, Early Indulgence of Abuse, attended with the following symptoms:—
Indisposition to Exercise, Loss of Power, Loss of Memory, Difficulty of Breathing, Weak Nerves, Trembling, Horror of Sleep, Wakefulness, Dimness of Vision, Pain in the Back, Universal Lassitude of the Muscular System, Hot hands, Flushing of the body, Dryness of Skin, Eruptions on the Face, Faintness, &c.

These symptoms, if allowed to go on, which this medicine invariably removes, soon follow:—
Impotency, Fatuity, Epileptic Fits, In one of which the Patient may expire.

Who can say that they are not frequently followed by those "Direful Diseases,"

"Insanity and Consumption."

Many are aware of the cause of their suffering, but none will confess the records of the insane asylums. And melancholy deaths by consumption bear ample witness to the truth of the assertion. The Constitution once affected with Organic Weakness requires the aid of medicine to strengthen and invigorate the system, which Helmholt's Extract Broom invariably does.

HELMHOLD'S EXTRACT BROOM.

In many affections peculiar to females the Extract Broom is unequalled by any other remedy, as in Chlorosis or Retention, Irregularity, Painfulness, or Suppression of Catamenial Evacuations, or Scarcity of the state of the Uterus, Leucorrhoea or Whites, Sterility, and for all complaints incident to the sex, whether arising from indigestion, habits of dissipation, or in

Decline or Change in Life.

Take no more Balsam, Mercury or unpleasant medicines for unpleasant and dangerous diseases. Helmholt's Extract Broom and Improved Rose Wash Cures.

Secret Diseases.

In all their stages. At little expense. Little or no change in diet. No inconvenience, and no exposure.

It causes a frequent desire and gives strength to urinate, thereby removing obstructions, preventing and curing stricture of the urethra, allaying pain and inflammation, so frequent in the class of diseases and expelling all "poisonous" and worn-out matter.

Thousands upon thousands who have been the victims of Quacks, and who have paid "heavy" fees to be cured in a short time, have found by the use of "powerful" stimulants, "dried" up in the system, to break out in an aggravated form and perhaps after marriage.

Use Helmholt's Extract Broom for all affections and diseases of the Urinary Organs, whether existing in Male or Female, from whatever cause originating and no matter how long standing.

Diseases of these Organs requires the aid of a Diuretic. Helmholt's Extract Broom is the great Diuretic, and is certain to have the desired effect in all diseases for which it is recommended. Evidence of the most reliable and responsible character will accompany the medicine.

The Company is now in the fifth year of business, and has proven an entire success, having secured over four thousand policies, and accumulated in reserve premiums two hundred thousand dollars. It started without guarantee capital, and experience has proven that none was necessary.

The business of a company is conducted upon the same general basis as that of the most successful Eastern Companies, with the advantage of having the experience of the older one as a guide.
